

Adopt A Fire Hydrant

I would like to help the Huntley Fire Protection District by committing to adopt a fire hydrant. I pledge to keep a 3-foot radius around the fire hydrant clear of snow and overgrowth for one year. I will not paint or otherwise mark the fire hydrants.

First and Last Name

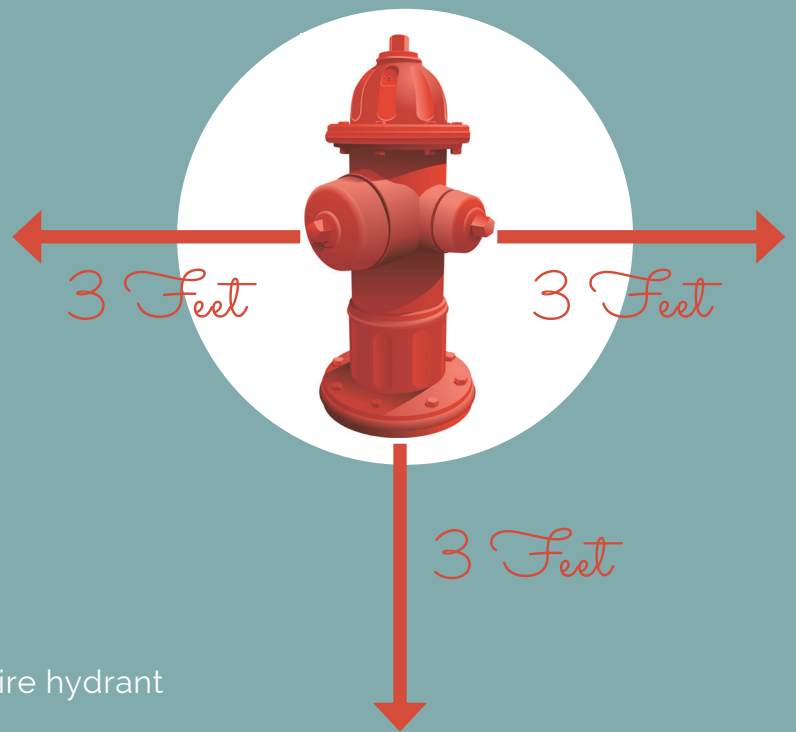

Parent/Guardian Name (If Applicable)

Address

Telephone Number

Email Address

Address or or intersection nearest to the fire hydrant

Please register your adopted hydrant today by completing this short application found at so that we can ensure all of our hydrants are cared for and extend our gratitude for your efforts. Participants will receive an adoption certificate with their name and the location of their adopted fire hydrant. This is a great opportunity for children who are looking to be of service to their community.
